This is a very good book to learn about American History and to prepare for the citizen exam to become an American Citizen. I was only a bit surprised that the book was in a pretty poor condition when I received it. I did fix it up so it didn't really bother me that much.

This is a wonderful History book. It's easy to follow, with outstanding photos and timelines. Great book for the home schooler.

this book came perfectly nothing bad about it. its just that i bought the wrong one and i passed the eligibility return date and now i cant even contact the owner

Lots of facts that read like a laundry list. If you are a history major this may fill your head with a bunch of useless facts. For a high school student it is just mind numbing.

Nothing special...a required book
