## Customer Reviews

I am only half-way through the class. Everything is in here for EKG Certification. What more can be said, it wasn't a choice, it's a required text book. The class is great and the instructor is a wealth of knowledge. I cannot wait to begin my new career.

Very fast delivery. Book did show sign of damage on the outside but everything else was great.

This book is okay but I found the older version to be more helpful
