The Last Punisher: A SEAL Team Three Sniper's True Account Of The Battle Of Ramadi

Synopsis

The Last Punisher is a bold, no-holds-barred first-person account of the Iraq War. With wry humor and moving testimony, Kevin Lacz tells the story of his tour in Iraq with SEAL Team Three, the warrior elite of the navy. This legendary unit, known as The Punishers, included Chris Kyle (American Sniper), Mike Monsoor, Ryan Job, and Marc Lee. These brave men were instrumental in securing the key locations in the pivotal 2006 Battle of Ramadi, told with stunning detail in this book. Minute by minute, Lacz relays the edge-of-your-seat details of his team's missions in Ramadi, offering a firsthand glimpse into the heated combat, extreme conditions, and harrowing experiences they faced every day. Through it all, Lacz and his teammates formed unbreakable bonds and never lost sight of the cause: protecting America with their fight. The Last Punisher brings the listener into the life and mind of a SEAL, demonstrating the tough realities of war. At the same time, Lacz shares how these experiences made him a better man and how proud he is of his contributions to one of this country's most difficult military campaigns.

FULL DISCLOSURE: I have friends who are former Teams guys who, along the way, helped me stay safe in my career thus I do have a special place in my heart for these guys. That said, I've never met Mr. Lacz so I have no personal connection with him though I learned, after reading his book that he apparently lives in my old stomping grounds in the Panhandle. I bought this book after seeing him on Fox & Friends talking about his book. I decided I'd buy it as a way of quietly

supporting him and those who have fought for us. I figured it would be like all the other books out there where authors talk more about their accomplishment, with perhaps some embellishments here and there, mix in a little CDI (chick dig it) lingo and presto "I'm a hero." That is NOT the case at all here. Mr. Lacz gives the ground truth of war and the warriors who fight to protect our freedoms along with his own experiences, warts and all. The Last Punisher will put you under the helmet and in the books kicking of moon dust as you walk the streets of Ramadi. But where other "warrior" books want to share only the "good" stuff, Lacz shares some of the otherwise "boring" stuff to give the reader a better perspective of how things actually happen. He talks about the number of times they got geared up, stressed trying to get to their objective, finding nothing, then stressed getting safely back home. It happens. Not every day is profitable. Yet they still paid the fee in sweat equity and fatigue only to come up empty handed. But when they were profitable, grab your backside and hold on. If you've seen the movies; American Sniper, Lone Survivor, 13 hrs, and so forth, you can easily visualize where Lacz is taking you. You can easily visualize how SEALs move from cover to cover.
