Customer Reviews

This book was all I used for studying, and I made a 281 (the equivalent of a 90). I took one of the practice tests before I studied, used it to find out which areas I needed to focus on due to weaknesses. Then after studying I took the second test and repeated the process. The day before the test I took the final practice test and went in with confidence knowing I was solid in the material.

This book has typos, and some questions were missing vital information. It claims to have 3 online assessments, but they recycle the same questions as the sample test in the book. The only portion of this book that was useful was the instructional section in the front.

Great Book! Passed the first time I took the test!

Great help!
