The Spiritual Genome (Middle English Edition)

Synopsis

Bradley York Bartholomew's book *The Spiritual Genome* brings to the forefront the theory of a networked intelligence in the DNA. He clearly outlines this theory that the DNA of all living creatures (including plants) is connected in the quantum substratum, and that it is this networked intelligence which constitutes the essential oneness from which springs all the diversity of life that we see around us. Bradley York Bartholomew's book illustrates that this networked intelligence is generated by computer processing which constitutes the ultimate source of life. This he says is demonstrated in how memristors in the DNA enable the storing of data, which has a direct bearing on widely held beliefs such as past lives and reincarnation. The Author cohesively explains how the DNA can act as a universal quantum computer with sufficient processing power to potentially enable the generation of the entire universe.

Book Information

Paperback: 310 pages

Publisher: Timeline Publishing Inc (July 18, 2014)

Language: Middle English

ISBN-10: 099134572X

ISBN-13: 978-0991345724

Product Dimensions: 6 x 0.6 x 9 inches

Shipping Weight: 14.9 ounces (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars Â Â See all reviews Â (1 customer review)
