The Complete Book Of Emigrants, 1607-1660

Synopsis

This is a heroic attempt to bring together from English sources a complete list of emigrants to the New World from 1607 to 1660. No doubt records of passengers leaving for America were kept in this period, but while no systematic record has survived, the remaining records are substantial. Some were collected and published by John Camden Hotten over 100 years ago, and they were the passenger lists he found in the British State Papers. Since then a great many sources have been found and the time has been long overdue for these facts to be assembled in one comprehensive book. Hence the publication of this work by the English scholar Peter Wilson Coldham, the leading authority on early English emigration records. His book is a reworking of the Chancery records and records of the Exchequer, the 1624 and 1625 censuses of Virginia, the records of licenses and examination of persons wishing to "pass beyond the seas." To Hotten's basic list, which he has revised and augmented to 1668, Coldham has added fascinating records of vagrants, waifs, and prostitutes who were transported to the colonies. He has also added new transcriptions of records--not in Hotten--of servants sent to "foreign plantations" from Bristol, 1654-1660. And he has added much more from port books, court records, and from any types of official papers and documents. As a result this book is a stupendous achievement.

Book Information

Paperback: 600 pages

Publisher: Genealogical Publishing Company, Inc.; Reprint edition (1987)

Language: English

Customer Reviews

I agree with Mr. Harris. This book's title is very misleading. It's coverage of emigrants between 1607 and 1660 is nowhere near complete. I have several ancestors who are well documented in published genealogies and local histories, but who are not mentioned in this book. I wouldn't mind so much if the word "Complete" was not in the title. Before shelling out for this book, try to get your

hands on a copy to see if it meets your needs.

This is NOT a complete listing of emigrants from 1607 to 1660. The Lyon that landed in Salem, MA on 1 February 1631, the ship that brought Roger Williams along with my forebear is not listed.

Being a somewhat Genealogist, this book is invaluable. I bought the CD, but really need all 4 books in the series. I now have 1 & 4.

Poorly organized. Needs a better index. Individuals are listed in the text but not in the index making it hard to locate certain individuals

If you are a genealogy buff as I am, then this book should be part of your library. Very helpful!

Title should be Partial book of Emigrants. I have family records/ diaries that tell me family members were on certain boats on certain dates and they do not appear in this book. Who else is missing?

I found several ancestors who came over during the the frame who were not listed. I found the book worthless.
