Customer Reviews

I also wanted to ring in on this particular book. While it is small, don't be fooled. It offers a great deal of information on eating out, the do's and don'ts associated with putting your best foot forward, so to speak, and making a good impression when eating out. On the downside, etiquette and manners extend well beyond just the dining experience, so as a 'be all and end all' for all of your etiquette needs, I wouldn't recommend it. In fact, you can zip over to the elite manners website and just take a quick look to see that etiquette covers everything from the way you carry yourself, present yourself, introduce yourself, your choice of language, clothing, and mannerisms. With prom season upon us I just don't want anyone thinking that this book is about 'everything'. It is a VERY good book for eating out properly.

I bought a copy of this book for each of the girls in my scout troop. We're getting ready for a limo ride and a night at a nice restaurant. It makes manners simple and they can throw it in their purse. Also, being a cute miniature books makes them want to read it. It's not overwhelming like a normal size book might be. I do wish it had a section on conversations. I had to download a separate article

to cover that.

I LOVE THE SIZE OF THIS ETIQUETTE BOOK!!! WHEN THEY STATED THAT IT WAS A LITTLE BOOK, I DIDNT REALIZE THAT IT WOULD BE LITERALLY A LITTLE BOOK!!! BUT THAT'S GREAT BC IT FITS IN MY PURSE EASILY!!! EXCELLENT READ!! WOULD RECOMMEND!!!

This very small book is small enough to fit into even an evening clutch. It is a bit bigger than two packs of nice matches. If you want a printed, super-small etiquette book on hand, this is the best choice. I like this book, but it was not quite on target for what I wanted. This book is perfect for business people who want etiquette rules for entertaining. It is directed at a business audience, not for personal, social functions. Fortunately there is enough overlap to still be useful, because this covers all the basics - what to do and not do to with your hands at the table (lesser-known tip: don't touch your head) and what to do and not do with the table setting. It also has a section on navigating specific foods and another section on ordering drinks and what is okay and not okay to talk about at the table. There's also a nice section on toasting, tipping and the duties of the host and the duties of the guest. All in all, it is a useful, concise book on how to behave at table. It is an ideal little gift, but only if the person you are giving it to is not going to misinterpret your gift as a suggestion that they need help with their etiquette.

this book is 2" x 2" - something not shared with purchaser. Bought for a gift and gave to Good Will.

This little book is filled with a ton of good info, but this book is literally little aprox 3" x 3"

Great little book! I see other reviewers were not happy that this book was only about eating out. That is correct however, I found this information quite useful. It is indeed a miniature book (a little bigger than a business card) so it would be impossible to make this a detailed book on ALL etiquette. It was very helpful and I like that it fit in my purse so I can take it with me when dinning out and hopefully avoid a mistake. More people need to read books like this. The majority of diners I have seen in upscale restaurants to laid back cafes, eat like slobs. This book will help you to eat and behave properly at the dinner table. Worth every penny!

This will teach me to read product information more closely in the future! The book is truly little -- you see this type of book at the checkout counters at books stores or card shops, where they are

horribly overpriced, but "just so cute!" Because the book is so small (only slightly larger than the palm of my hand), the print is tiny and difficult for ordinary mortals to read without a magnifying glass. Much of the information is common sense: you eat a filled, baked tortilla covered in cheese and sauces with a knife and fork -- who knew!? Rather than return it to , I have decided to keep it and pass it on in a gift basket for an upcoming service club fundraiser. But if you don't have such a function coming up in the future, my advice is to pass on this book and make an investment in a full size Emily Post book of etiquette.
