Customer Reviews

Worth it. Scored High 90's.

I ordered this book for my son to study over the summer. He tells that this book isn't bad but it fails to make things simple.

Boring but the best review out there. I did well on the regent without ever taking a history class.

We purchase all these review books for our daughter. They are all very helpful!

Arrived as promised - seller very responsive to any problems.

Didnt realize was a download...it was for my son

boring but useful

met all expectationsbook required in school to study for the regents testi remember when Regents exams were a seniors issue but my son is in 7th grade and already getting ready
