Archaeology And Humanity's Story: A Brief Introduction To World Prehistory

Synopsis

This student-friendly textbook introduces the archaeological past from approximately seven million years ago through later politically complex societies. *Archaeology and Humanity's Story: A Brief Introduction to World Prehistory* does not attempt to discuss every archaeologically important site and development in prehistory and early history. Rather, it presents key issues from earlier prehistory and then organizes the chapters on politically complex societies using a similar framework. This allows students to easily compare and contrast different geographical regions. Each of these chapters also highlights a specific case study in which similar themes are examined, such as the written word; resource networks, trade, and exchange; social life; ritual and religion; and warfare and violence. Each chapter includes several sidebar boxes, a timeline showing the chronology relevant to that chapter, and "The Big Picture," "Peopling the Past," and "Evolutionary Processes" features.

Book Information

Paperback: 528 pages

Publisher: Oxford University Press; 1 edition (November 13, 2015)

Language: English

ISBN-10: 0199764565

ISBN-13: 978-0199764563

Product Dimensions: 9.2 x 1.1 x 7.5 inches

Shipping Weight: 12.6 ounces (View shipping rates and policies)
